## Description

Originally built by Paul F Hufner in 1963 as his Opus XIIX for the Anglican Church of the Holy Apostles, Carnamah, Western Australia. Relocated several times and eventually rebuilt and enlarged by Pipe Organs WA Pty Ltd September 2013 to the specification of the current owner.

The organ is built of Western Australian Mahogany and Jarrah with burnished tin trumpet pipes.

There is optic fibre transmission from the console to the organ.

Equal at 440 Hz

## Description

When the church commissioned a new building in Mangles Street the remnants of the R C Clifton Opus 2 organ, which had been in Augustine Congregational Church, Bunbury, were incorporated into a new instrument by F.J. Larner & Co.

When a new building was constructed in 2001 to accommodate a larger congregation the organ was shifted to a new chamber on the western side by F J Larner & Co.

Rebuild and enlargement by Pipe Organs WA Pty Ltd, June 2014.
