

København, Trinitatis Kirke (Main Organ)

Trinitatis Kirke, 1150 København, Denmark

Builder	Marcussen & Søn
Year	1956
Period/Style	Neo-Baroque
Stops	53
Keyboards	3+P
Keyaction	tracker/mechanical

Description

The pipe organ was originally constructed by L. D. Kastens in 1733. It was later renovated and expanded by Marcussen & Son in 1956. The organ underwent another renovation in 1977, and by 2000, a setter was installed. A decade later, in 2010, the changes from the 70s were reversed and minor alterations were made in its disposition.
