Tuning	Neithardt at 432.0 Hz

Description

The organ was constructed by Herman Raphaëlis Rottenstein-Pock in 1555, replacing a precursor organ that was in the main ship's southern wall. In the years 1988–91, it was restored and reconstructed by the company Marcussen & Søn based in Denmark. The complete history can be found in the database of the Greifenberger Institute for Musical Instrument Studies.
