<b>Keyaction</b>	tracker/mechanical

## Description

The Cathedral of Udine, once the cathedral of the Patriarchate of Aquileia and the episcopal seat for the regions of Carinthia south of the Drava until 1751, houses nearly identical double organs known as the Epistle organ and the Gospel organ. The left Epistle organ traces its origins back to Vincenzo Colombo in 1549 and was rebuilt by Francesco Dacci in 1758.
