

Norden, Ludgerikirche

Am Markt, 28506 Norden, Germany

Builder	A. Schnitger
Year	ca. 1692
Period/Style	Baroque
Stops	45
Keyboards	3+P
Keyaction	tracker/mechanical
Tuning	1/5 Comma Meantone at 460 Hz

Description

The organ at Ludgerikirche in Norden (Ostfriesland) has a notable history dating back to its construction by Arp Schnitger from 1686 to 1688, with further work completed in 1691/92. Schnitger built the organ using some existing registers.

In 1917, the organ's tin prospect pipes were removed for war purposes. The instrument was restored by Furtwängler & Hammer in 1929/30.

Further modifications occurred in 1948 and 1959 when Paul Ott adjusted the pipework due to a reduction in wind pressure.

A comprehensive restoration by Jürgen Ahrend took place between 1981 and 1985. This restoration included the reconstruction of 25 stops, the reinstallation of wedge bellows, wind trunks, stop valves, tremulants, keyboards, and parts of the mechanical action.

Stoplist/Disposition

Rückpositiv	Werck	Brust-/Oberpositiv	Pedal
Principal 8´	Quintadena 16´	Gedakt 8´	Principal 16´
Gedact 8´	Principal 8´	Plockfloit 4´	Octav 8´
