Description

It is possible that the organ was not originally built for Rojas Church but was relocated from another place.

Above the keyboards on the console, there is an oval porcelain plate with the inscription: "Orgelbauerei von MARTIN KRESLING in Jacobstadt ? 21". It is known that Martin Krēsliņš's organ, numbered 18, was consecrated on October 16, 1883, in the Bārbele Lutheran Church. Therefore, the Rojas organ could be dated to 1883 or 1884.

The largest pipe of the Flöte 4' register bears the inscription "H. Dinsberge Dondagen 1886", confirming Ansis Dinsbergs's work on the instrument.

Inside the organ case, there is an inscription: "Gestimmt und Renoviert 26 Sept 1903 25 Rbl E. Martin Riga".
